FREEDMEN'S BUREAU PRESERVATION PROJECT

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at *www.archives.gov.*

INTRODUCTION

On the 42 rolls of this microfilm publication, M1906, are reproduced the records of the Maryland and Delaware field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865–1872. These records consist of bound volumes and unbound records, containing materials that include letters and endorsements sent and received, orders and circulars, monthly reports, and other records relating to freedmen's complaints and claims. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3,1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the Washington Bureau headquarters and his subordinate officers in the subdistricts.

Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress, effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN MARYLAND AND DELAWARE

ORGANIZATION

In June 1865, Comm. Oliver Otis Howard appointed Col. John Eaton as the Assistant Commissioner of the District of Columbia, which included Maryland, the District, the city of Alexandria, and the neighboring Virginia counties of Fairfax and Loudon. On September 27, 1865 (Special Order Number 77), Commissioner Howard appointed Lt. Col. William P. Wilson as acting Assistant Superintendent

for Maryland. Wilson served until March 30, 1865, and was then replaced by Bvt. Maj. Gen. George J. Stannard, who became the first Assistant Commissioner for Maryland. Stannard's headquarters was at Baltimore. His command included all of the state, except the counties of Calvert, Charles, Montgomery, Prince Georges, and St. Marys, which were under the control of the Assistant Commissioner of the District of Columbia. In early summer 1866, six counties in Virginia and two in West Virginia, known as the Shenandoah Division, were added to the Maryland Command (transferred to the Virginia command in the following September). By July 1866, Bvt Maj. Gen. Francis Fessenden replaced Stannard, and served for 1 month before he was replaced by Bvt. Maj. Gen. Edgar M. Gregory. On January 16, 1867 (Special Order Number 7), Maryland's jurisdiction was expanded to include Delaware. Bvt. Brig. Gen. Horace M. Brooks replaced Gregory in January 1868, and by August 1868, Bureau affairs relating to Maryland and Delaware were reassigned to the Assistant Commissioner for the District of Columbia. A subassistant commissioner, Fred C. von Schirach, remained in Baltimore until December 1868. A claims agent remained in Baltimore until 1872.

ACTIVITIES

Unlike its operations in states of the Deep South where providing relief, supervising labor contracts, and the administration of abandoned property was of primary concern, the Bureau's activities in Maryland and Delaware and other areas under its jurisdiction centered largely on freedmen education, the administration of justice, and veterans' claims.

The Freedmen's Bureau's efforts to provide education for freedmen in Maryland was hampered by a system of illegal apprenticeship of school-age children. In direct conflict with the Civil Rights Act of 1866 (14 Stat. 27), black children were being bound to their former owners for indefinite periods of time with the help of Maryland government officials. An estimated 10,000 black children were bound out as apprentices between 1864 and 1867. The Bureau, however, through writs of *habeas corpus* and other court actions, fought vigorously to have these children released. By 1868, the intense efforts of the Bureau had largely ended the apprenticeship system in Maryland.[1]

Although the illegal apprenticeship system hindered the Bureau's educational activities in Maryland, the agency still managed to provide assistance with the construction and repair of school buildings and protection of and transportation for teachers. To increase its visibility and to gauge the interest of freedmen in establishing schools, Maryland and District of Columbia Bureau officials traveled

to various counties, holding meetings on the benefits of education and the agency's intention to provide aid for schools. In addition, the Bureau worked closely with private benevolent societies, such as the Baltimore Association, the American Missionary Association, and the Freedmen's Union Association, to sustain freedmen schools in spite of intense and often violent opposition from whites. From October 1867 to October 1868, the Bureau provided aid and assistance to some 80 schools in Maryland.[2]

Although the black population in Delaware and West Virginia was small, and Bureau operations in these states were limited, the agency still managed to provide noteworthy assistance for freedmen education. In Delaware the Bureau assisted in the construction of several freedmen schools. The agency also provided aid to various civic groups and benevolent societies, especially the Delaware Association for the Moral Improvement and Education of the Colored Race, which maintained some 23 schools in various parts of the state. West Virginia maintained a system of free education. However, whites controlled funds for schools and employment of teachers, and schools for blacks and whites remained separate, as required by law. Bureau officials, nonetheless, worked closely with the West Virginia superintendent of free schools in the establishment of schools for freedmen. As in Maryland, Bureau officials traveled throughout West Virginia counties, advising freedmen of their support and plans for building schools. Similar to other areas under its jurisdiction, the Bureau supplied funds for buildings, and teachers were generally paid from public funds, contributions from blacks, and aid from benevolent societies. By 1868, with cooperation mostly from freedmen themselves, the Bureau was able to establish 9 schools in West Virginia.[3]

Safeguarding rights and securing justice for freedmen was of paramount concern to the Freedmen's Bureau. Following the Civil War, several Southern states enacted a series of laws commonly known as "black codes," which restricted the rights and legal status of freedmen. Freedmen were often given harsh sentences for petty crimes and in some instances were unable to get their cases heard in state courts. In a circular issued by Commissioner Howard on May 30, 1865, Assistant Commissioners were authorized, in places where civil law had been interrupted and blacks' rights to justice were being denied, to adjudicate cases between blacks themselves and between blacks and whites. In the District of Columbia and Maryland, the civil process of law had not been interrupted, and unlike many areas of the South under the Bureau's jurisdiction, no freedmen's or provost courts were in operation. The Bureau did however, provide legal assistance to freedmen in civil and criminal cases in both the District of Columbia and Maryland. This was done especially in instances where freedmen lacked counsel and in cases where Bureau officials felt that freedmen were wrongly convicted or imprisoned. In 1868, the Assistant

Commissioner for the District reported that of the nearly 900 cases handled by his office, a large percentage involved incidents in Maryland.[4]

In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Freedmen's Bureau the sole agent for payment of claims of black veterans, Bureau disbursing officers assisted veterans and their heirs in the preparation and settlement of claims. To administer claims, the Bureau established a Claims Division. This office was abolished in 1868, and most of the activities of the Maryland Bureau relating to claims were then centered in Baltimore, MD, where two full-time disbursing officers were assigned to settle and pay veterans claims. At the Baltimore office, the Bureau handled claims for Maryland, Delaware, and other areas under its jurisdiction. In 1868 Bureau agents disbursed more than $10,000 for military claims.[5] The Bureau maintained registers and files for claimants for payments of bounty, back pay, and pensions. These records often contain the name, rank, company, and regiment of the claimant; the dates the claim was received and filed; the address of the claimant; and remarks.

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that do not appear in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, registers of letters received, unregistered letters received, general and special orders and circulars received, registers of claimants for bounties and pay arrearages, and registers of complaints of illegal apprenticeships. The unbound documents consist of letters and orders received, unregistered letters received and narrative reports received, special orders and circulars issued, general and special orders and circulars received, and other series.

I inclose and that U.S. Court of Norfolk Va. has filed a claim for the widows of York Hillinds of Co. D 38th Ind

You will remember that York Hillinds made the claim himself and has since died, that his claim was allowed and the money is now in your hands. York lived in this city the last eighteen months of his life with and was taken care of in his illness during that time by Eleanor Sims an old colored woman whom he owed at his death for eighteen months board and ... besides his doctor's bills and funeral expenses, and he desiring to protect the old lady made his will in her favor. Should this woman at Norfolk prove to be York's lawful wife it is then our duty to protect Eleanor Sims who did sacrifice dearly to her in sickness and death.

after leave.

[redacted] March 8th 1868.

General.

I have the honor to make the following report of my investigation in regard to the delay in the Erection of the School House for Freedmen & Summitsburg & Frederick Co. Md.

I Complied with your Special Order No 8 dated March 6th 1868. I left Baltimore Monday March 9th and arrived at Emmitsburg that Mid. same day. The next Morning (Tuesday) I began my work by Conversing with both Whites and Colored Citizens - I found that [redacted] Ulrich of whom the Bureau had been charged [redacted] Emmitsburg was taking the whole charge of putting up the building, and had made a contract for the Carpenter work, and had bargained with the Bureau to build the Frame Building, which is two Stories Square and [illegible]

Command in this way the profit got the
impression that Bureau had, Clothed
him with full power to Erect the building
and send the bills to the Bureau for payment-
and all the Colored People had to do was to
take possession when the building was
Complete.

When Mr. impression
was Correct and the Colored found they
had to assist, then the cry was raised
that, Mr Ulrich was not trustworthy-

I saw Mr Joseph Bly
and Sam Gaulle, who had written me
in regard to the trouble with Mr Ulrich.
And found them both bitterly Opposing him
through a misunderstanding of the facts.

I arranged with Mr Hays
to Call a meeting of both White and
Colored persons at his house that I know
the facts in the case - and on Sept
Second that P.M. the meeting was Called
to order, and I Explained the case in full
way.

of William Ulrich a certain bill of Lumber
to be delivered on the School Lot - and that, when
he had done that, his connection with this
Bureau ceased - and that this Bureau did
hold the Colord people responsible for the
Erection of the School House, and that, Mr
Ulrich had nothing to do unless they required
and asked his assistance.

I was assured by Joseph
Hays that, the Colord people and their friends
would put the building up, and if necessa-
-ry he would pledge himself as their Security
for the performance of their part -

The whole trouble was on
account of Mr Ulrich's not, Carrying out
his part, faithfully with this Bureau -

I will here give the trans-
-action between this Bureau and William
Ulrich - About the middle of
November R. M. Janney Actuary of
the Baltimore association Came to
this office & read Specifications with and introduced

Mr Ulrich as being a reliable man and asked that his request for materials to build a School House for Freedmen at Emmetsburgh Frederick Co. Maryland, be granted, and on his recommendation the Assistant Commissioner, issued an order for me as Disbursing Officer to purchase the materials for the building, and in Compliance with said order - I gave Mr Ulrich the following order, as he was a Lumber dealer -

Head Quarters &C
Baltimore Md.
Nov 16th 1868.

William Ulrich Esq
Emmitsburgh Md.

Sir -

You will please deliver to Lieut Samuel Brown and John Johnson Building Committee of Freedmens School House at Emmitsburgh Frederick Co. Md. the following materials for use of School House Emmitsburgh Md. - (Here - a bill of items with prices -

on giving him which the order I said to him that as soon as the Lumber was delivered & take the receipt of the building Committee and forward it here, and as soon as I received their receipt for the materials the money would be sent to him

On the twenty third of November my order was returned with the following receipt on it.-

Received this 20th day of November the Above Lumber for building our School House

Witness
Joshua Rowe
James J. Rowe

(Signed) Samuel Brown
John Johnson

I thereupon prepared orders and sent him which were signed and returned and he was sent for the Lumber, and I found in my investigation that Mr Ulrich got the receipt of the building Committee before the Lumber was delivered, and that he took One hundred dollars of the Money paid him for the Lumber and bought the Lot of Eich to build the School House. and

that he had paid some Eight dollars and seventy Cents for the laying of the foundation, and had bought some Lime, and paid two dollars on the Carpenter work. A small portion of the framing Lumber was on the ground, a part was sawed at the Mill, and the balance was to be Sawed in two or three days, and Mr Ulrich assured me he would have all the framing Lumber on the lot, this week, and that the Covering work he would deliver the balance -

I had him drive me out to the Saw Mill to satisfy myself that the arrangements there were all right, and I found them satisfactory. Mr Ulrich had at his house the Materials for the Window & Door frames, he also had the Sash and Glass and a portion of the Shingles. and assured me he would have the balance of the Materials brought from Pittsburgh this Covering Work. Though Mr Ulrichs action in getting the Mat[illegible]

getting the receipts of the building Committee before the Lumber was delivered, is a Criminal Offence; still I do not think he intended to defraud us, and will I trust, deliver the materials without further trouble - and when it is delivered, inspected and accepted, by the building Committee: the Colored people will refund what he has paid for the Lot, &c

I have the honor to make the following statements relative to the payment of Claims.

It has been our practice to send claimants to their Attorneys (when they are in the City) to get their discharges before paying them in cases where they have not already received their discharges and this is done to keep them away from the Claims Agents after they have received their money, also to identify.

Thos Timmons of this city and Asst. Agents of Attorneys in Washington, and they inform me that they have in several cases advanced from $ 5/10 to men and want me to deduct it when I pay the claimants, upon their acknowledgement of the debt.

I do not think (Sir) that I cannot do that under present instructions but refer same

(over)

of the proper method to take in advances and they say it would be offensive to the colored men (considering the amount advanced) and refuse to take the regular course.

They further say that they shall hold on to the discharges until they get their advances.

Now what am I to do so that the claimants may have their discharges and not be fooled out of their money.

Dear Sir

I call your attention to the fact that parties in this City are sending claimants to Washington to file claims for the afternoon mail, making it impossible for claimants to reach Balto in time for the morning (or other claims are originally made in Balto) to file them. It looks a little as if Congressmen trying to play their old game of making work and then divide fees. I have no recent case of the kind to cite. Claimants can not always find parties in the city who can identify them, without information to that effect.

Very Respectfully Yr. obt. Servt.

I have the honor to make the following statement, in regard to the case of George H. Hargus dec'd. late of Co. "K" 9th W.V.C.

The claim was suspended by you upon representation that James Hargus was not the rightful claimant, but that the mother was living. I have seen the Books of Timmons & Co. and they show that there has been a misunderstanding in the matter, as Leah Hargus is not the mother of Geo. H. Hargus of "K" 9th; but mother of Geo. F. Hargus of B 9th W.V.C.T.

You may send me the money in both cases, if favorable, to you, as I have the claimants address.

Your letter of this date addressed to the Gen'l. Commissioner has been referred to me.

I learn through Hon. Wm. Ulrich that he is having a deed recorded at the Clerk's Office in Frederick City for the School House at Emmitsburgh. Will you have the kindness to call at the Clerk's Office and see to whom the lot is deeded and whether for "Educational purposes forever" or not.

We have a good of trouble with this affair and would like to know your opinion of Ulrich. We want the colored people to keep up the school house despite fraud, rivalry or Treason &c, but we shall have to fix the matter of lumber with Ulrich. Very Respectfully

Sir

I will have got Messrs Davis and Bright Estimate of materials for a Store House 20 × 40 six story high with their prices for furnishing each article.

The Estimate should include Lime, Stone, Sand, and paint as well the lumber Windows and Doors, and lumber for Desks. There should be two doors in front without coats-room. This will give your more room for your scholars

When I get their estimate I will compare it with others. The Asst. Comm is decidedly opposed to putting up a two story house.

Edith Ann Allen widow of Jacob Allen late (colored) of Co. "K" 1st U.S.C.T., called here May 29th '68 and stated that her son had died at Savannah Ga. since he filed his claim against the Govt. Her statement was corroborated by a gentleman of this city who is the friend & correspondent of Mrs Joseph G. Loane of Savannah in whose employ Allen was, immediately previous to his sickness. Mr. Loane states in a letter that Allen died in the U.S. Hospital at Savannah

Edith (the widow) brought a note from Mrs. Dodge & Miss Letton of Washington (addressed to Jacob) stating that they had received a letter for Jacob. in his favor and it would be forwarded to Bureau. Edith of course Edith must be

I wrote to Lt. J. M. Hoag Sub-Agt. Comm. at Savannah, May 29th ult., asking him to obtain the evidence if he could, but I have received no reply, to date.

I thought I would make the statement to you (as I did not know what changes might have been made in the Bureau at Savannah) and perhaps something could be done to enable the widow to get the money allowed by the Treasy. Certificate.

I have the honor to state that I took the liberty to telegraph you a proposition for Corn for Middleton T. to this afternoon.

I did not look after proposals, but on the strength of a notice that appeared in the 'American' yesterday morning about the Freedmens Bureau shipping corn to Middleton, (I dont know how they got hold of it), some parties called here to inquire about it, so I told them I had no authority to make any contracts but would forward a favorable proposal. To day I received the enclosed note from Mister and Thomas.

This afternoon Mr Emerson of the firm of Hughes and Emerson (who I know to be reliable) informed me that he could get one bushels of Prime White Corn at

$1.25 must deliver by Steamer to cross off Middleton, charges
17½ cents per bushel including three-bushel bags at 20ct each
as per my telegram to you this afternoon

Prime White Corn is hard to get as yours know.
It sold at $1.21 yesterday as you will by Wister and Thomas' letter

The party who has the 2,100 bushels holds it at
$1.25. It is a first class lot, so Mr Emerson says, and sam-
kind of Corn would undoubtedly go much higher before it
could be picked up in lots on Charges

Thinking you would like to know of the 2,100 bushels
for sale, I trust General these explanations will will
warrant me in taking the liberty to send you the telegram
I thought too the shipping by Steamer would be favorable
as the passage could be performed in about 2 days. I learn
that no craft can get into Middleton but barges have to be
discharged to across about a mile from the City.

Sir:

I have your letter of the 11th inst. and in reply will say that I had from the records of this office blue ones sent you in August 1867 for the painting of your School House -

40 lbs Gallo Linseed Oil,	1 lb. Lampblack,
200 lbs. White Lead,	10 " Patent Dryers
75 " Brandon Red,	5 Galls. Spts. Turpentine
175 " Yellow.	

The above mentioned materials are sufficient to give your building two coats according to the estimate of practical painters here. There is a good deal more Linseed Oil than you need and you can probably use an equal amount of it if you should be short in anything else. I have not blame if the amount sent you is too little. Answer me here. Respectfully

General:

I have the honor to enclose a letter of Mr. Townsend Cashr. Freedmen's Bank in relation to rooms for the occupancy of the Bureau and Bank.

Mr. Townsend wished me to amend this letter by saying that we have visited a building in Lexington St. between North and Calvert near Douglass Institute - Front & Back Parlors - $50. per month - a store front room next door to Bank No. 9 So. Gay owned by same party the Bank is rented of no - $50. per month - also the Fitzgerald & Booth first floor across the way from the Bank which Mr. T. thinks can be had for $800. This we will know about by telegraph from Mr. Booth at Balto. tomorrow.

Mr Townsend thinks Gay St. the best for the Bank. The Bureau Offices could be accommodated with the Bank

(over)

in Fitzgerald & Bro this place and the Bureau Officers alone in the room next door to the Bank. We might forcibly take the Bank in with us in Lexington St. but it would be rather crowded — This place would not be objectionably far from the Bank.

Mr. Townsend cannot leave his present place before the 1st Oct. and he would prefer to not to move at all unless he could go to a permanent place.

Maj. von Schrader likes the Lexington St. place and thinks it the best we could do. We could all be well accommodated there and if we should find that we had room for the Bank I have no doubt it could be made permanent. Should you wish to separate me from the other officers Mr. T. thinks I could easily be accommodated at the Bk.

Major:

I have the honor to acknowledge the receipt of my letter to you of 26th instant with your endorsement of the 28th.

Mr. Kimball has all the information I will furnish you, in the School House Book which I sent him. The Books were all furnished by Capt. Wright (formerly D.C.) under Genl Gregory's orders, and have all been appropriated to the different School Houses as recorded in the Book above referred to. Capt. W. applied for authority to attend to this but did not get it, so I recollect to him. Have

Respy

and when Genl. Sewell was here, inquiring, I asked him about them, and he said I would probably receive an "order" in a few days to attend them but I have never received it yet. The Decks are removed down and form a part of the building as much as any of the Lumber.

If authority is now given I would respectfully request that it be given to Maj. Brown as I transferred to him on the 21st Aug. and would much prefer not to make a Return for September as I have no Clerk and have more work than I can attend to at present.

Will you please inform me as early as possible what action is taken in the matter as Maj. Brown is awaiting my Services of the Pros. & transferred Aug. 21st 68.
